

Goddess Series Bundle Special: Books 1-4 in the Bestselling Teen Romance Series Plus a Bonus Story Special

All Four Books in this set are NIGHT OWL REVIEWS TOP PICKS!

Get the first FOUR books in the #1 Bestselling Teen Romance series for one price! PLUS, a never before released bonus story as a special thank-you for all the readers who've expressed their love of this series! This limited time special includes the following:

Goddess Legacy: Legacy Kore believes she's just an average seventeen-year-old with your basic insane crush on the hottest guy in school, Adin Shepard, until she learns her mother is a Greek Goddess and that Legacy is changing into one, too! When Adin asks Legacy out on a date, she is thrilled her fantasy is becoming a reality, regardless of the Greek Goddess nonsense, but when she meets a new guy in town, River, she discovers everything isn't always as it seems, and the legacy she wants just might not be the legacy she is destined to have.

Goddess Secret: Legacy only thought she had this goddess thing under control. Well, as much as any other chick could have given the crazy circumstances. But when she learns the truth about her abilities, she is forced to keep a secret so powerful that she and the people closest to her could get hurt if it falls into the wrong hands.

Goddess Sacrifice: Legacy wouldn't let a little thing like changing into a goddess distract her from the joys of her senior year in high school, hanging with her friends, or getting closer to Adin. She's ready to take their relationship to the next level, regardless of any bonds they have with other people. But the prophecy is still there, lurking in the background. And while Legacy is wrapped up with living her life in the now, forces are at work solidifying her future.

Goddess Revenge: Hell hath no fury like a goddess scorned... at least that's the way Legacy sees it. Her dreams collide into a message she did not want to acknowledge, but the implication ignites within her hotter than the

knowledge of the betrayal itself. The only thing to do to cure getting mad? Getting even. Legacy dives into a betrayal of her own making as she teaches her lesson. But can she deliver her punishment without losing her true self in the process, or will the bitter feeling of keeping her enemy close backfire and propel her down a road she never dreamed she'd travel? One thing for certain--revenge doesn't come without a price. Goddess Dream (Bonus Special): Legacy's sacrifice hasn't gone unnoticed by others of her kind. Morpheus visits her, allowing her to relive a specific day with another outcome. It isn't real, but the reunion is just as sweet.
