

## 1-1000 Kindle Counter

This is a ticker counter application for the kindle. It has a number of uses. - Keep track of your score in a game. - Keep track of groups of people/objects/events. - Use text to speech to practice the English numbers 1-1000. While the kindle's screen takes time to show the counter number, the counter will continue counting for rapid button presses (i.e. It will skip numbers and not lag). Next Page = +1 Prev Page = -1 Go to Beginning = Reset Go to Location \_\_ = Jump to number \_\_ I hope you find this useful.
