

A Winter Without (The Past Lives of Lola Ray Book 3)

On her fifteenth birthday, Lola Ray flashed back to her past life and death in the Holocaust. That life was followed by visions of another as the daughter of a slave owner on a Georgia plantation. She has now seen her own death twice, and Ian White, the boy she loves in this life, was pivotal in both. Desperately hoping to break the cycle, Lola defies her destiny by diving into a new relationship with handsome Sri Gupta. But then the visions begin again, this time in a Puritan colony. He wears another face, another name, but Ian is there. Will this life end as the other two did, with death before her sixteenth birthday?
