

A Year in Girl Hell: Trashed

Four girls, one year. One hell of a time. Its the first year of high school and everythings changing. Ive finally made it into the shiny group but Im over having to do their dirty work. Its great being followed around and adored but can I make it to the top and stay there? And should I still be friends with my old besties? Do I really want to become Alysha the Queen of Mean? High School is shaping up to be hell.
