

Rock Keyboards, Steps One & Two (The Ultimate Beginner Series)

Rock Keyboards features David Garfield, who illustrates the blues form, dominant 7th chords, how to select sounds and create parts, rock roll style, and other topics vital to the working musician. Garfield also covers minor 7th chords, the Dorian mode, musicianship, playing in a band, and improvisation. There are performances by an outstanding band to show every teaching tip in action. You will effectively learn the skills and sounds needed to handle any rock situation! DVD special features include tuning segment, additional artist performance video, additional video tips, additional product previews, and Internet connectivity.
