

The Kestrel (The Black Feather Trilogy Book 1)

When Alexander Cavendish joins the crew of the pirate ship The Kestrel, he anticipates glorious adventures on the waves and many victories ahead. However, once at sea he finds his new life doesn't quite turn out as he expected; complications arise with friends and comrades as petty rivalries rear their heads and piracy becomes harder work than he imagined. As he struggles to find his place aboard ship and get the measure of those around him it becomes apparent that many of his closest shipmates are holding onto secrets and the waters are growing murkier by the minute... But even this seems inconsequential when he finds himself facing the grim realities of life at sea; enemies, bloodshed and a fight for survival.
