

Barrons SAT Math Workbook, 5th Edition

This workbook's fifth edition has been updated to reflect questions and question types appearing on the most recent tests. Hundreds of math questions in both multiple-choice and grid-in formats with worked out solutions. Math strategies to help test-takers approach and correctly answer question types that might be unfamiliar to them. All questions answered and explained. Here is intensive preparation for the SAT's all-important Math section, and a valuable learning tool for college-bound students who need extra help in math and feel the need to raise their math scores.
