

English Grammar For Dummies Education Bundle

Why does grammar make everyone so nervous? Probably because English teachers, for decades no, for centuries have been making a big deal out of grammar in classrooms, diagramming sentences and drilling the parts of speech, clauses, and verbals into students until they beg for mercy. Now, you don't have to learn all those technical terms of English grammar and you certainly don't have to diagram sentences in order to speak and write correct English. English Grammar For Dummies will probably never make your English teachers top-ten list of must-read books, because you won't have to diagram a single sentence. What you will discover are fun and easy strategies that can help you when you're faced with such grammatical dilemmas as the choice between I and me, had gone and went, and who and whom. With English Grammar For Dummies, you won't have to memorize a long list of meaningless rules (well, maybe a couple in the punctuation chapter!), because when you understand the reason for a particular word choice, you'll pick the correct word automatically. English Grammar For Dummies covers many other topics as well, such as the following: Verbs, adjectives, and adverbs oh my! Prepositions and pronoun pronouncements Punctuation: The lowdown on periods, commas, colons, and all those other squiggly marks Possession: Its nine-tenths of grammatical law Avoiding those double-negative vibes How to spice up really boring sentences (like this one) Top Ten lists on improving your proofreading skills and ways to learn better grammar Just think how improving your speaking and writing skills will help you in everyday situations, such as writing a paper for school, giving a presentation to your company's bigwigs, or communicating effectively with your family. You will not only gain the confidence in knowing you're speaking or writing well, but you'll also make a good impression on those around

you! The included workbook offers 290+ pages with hundreds of grammar exercises and explanations

AUTHOR BIO: Geraldine Woods has taught grammar for 17 years at a New York City private school and has written more than 40 books, including biographies, reference books, and grammar workbooks.
