How to Play Harmonica...instantly is Harmonica Music Publishing Company's comprehensive Diatonic Harmonica instruction course, prepared by Marcos, an endorser of Hohner Harmonicas since 1976. There are 100 exercises and over 60 all-time favorite tunes and harmonica techniques laid out in the simplest manner possible. The step-by-step format covers straight and cross-harp playing; note bending; using the lower, middle and upper C scales; and secrets of recovering those missing notes to achieve a full 36 notes on a 10-hole harmonica! Also included are engrossing topics such as the history of the harmonica and how they're made - and much, much more. Diagrams are excellent. Most harmonica books are not very comprehensive or descriptive of notes and scales. This book's diagrams are very clear. There is a lot of clearly presented information. Steve, Reseda House of Music, Reseda, CA It's rare that a method book turns over five times in our first month of stocking. Jack, Ace Music, Santa Ana, CA It's a common-sense book. It describes a good technique. Dave, ABK Rocks, Sepulveda, CA This is a great package. And it's great for the beginner. Kevin, Guitar Center, San Francisco, CA The best harmonica teaching method.
