

# Bicycle: Bone Shakers, Highwheelers, And Other Celebrated Cycles

This photographic survey is richly illustrated with images of one of the worlds largest private collections of bicycles from the 1850s to the 1950s and includes some never-before-published photographs. From antique high wheelers and boneshakers to tandems, tricycles, and circus clown bikes, it proves a fascinating historical retrospective of the bicycles development and evolution. Gil King is a writer, editor, and photographer whose work has appeared in many national publications.
