

Events That Changed the World - 1940-1960 (paperback edition)

The world in 1960 was a very different place than it had been in 1940. In many ways, it was stronger and wiser, but in others, it was angrier and disillusioned. How did so much change unfold in twenty years time? This anthology retraces those fateful footsteps, presenting articles about events spanning from the attack on Pearl Harbor to the launch of Sputnik.
