

Lets Get Lost (English Edition)

Five strangers. Countless adventures. One epic way to get lost. Four teens across the country have only one thing in common: a girl named LEILA. She crashes into their lives in her absurdly red car at the moment they need someone the most. There's HUDSON, a small-town mechanic who is willing to throw away his dreams for true love. And BREE, a runaway who seizes every Tuesday and a few stolen goods along the way. ELLIOT believes in happy endings until his own life goes off-script. And SONIA worries that when she lost her boyfriend, she also lost the ability to love. Hudson, Bree, Elliot and Sonia find a friend in Leila. And when Leila leaves them, their lives are forever changed. But it is during Leila's own 4,268-mile journey that she discovers the most important truth: sometimes, what you need most is right where you started. And maybe the only way to find what you're looking for is to get lost along the way.
