

# C++: Crash Course - The Ultimate Beginners Course to Learning C++ Programming in Under 12 Hours

Are You Ready to Learn C++ Programming FASTER Than You Ever Thought Possible? Welcome to the Ultimate Crash Course on C++! With Tons of Detailed Step by Step Procedures Inside! Are you ready to unlock the keys to the future? If your answer is a resounding YES!, then this crash course on C++ Programming is exactly what you need in your toolkit. In these days of the 3.0 era, there are essential tools that we must absolutely have at hand to solve everyday problems. And guess what? One of these skills consists of... how to use programming languages. Can you imagine what we could do if wed knew how to write a simple instruction for our PC? What we could achieve if we could create from scratch something thatd solve problems in just seconds? That would be absolutely amazing: no limits, no boundaries, no frontiers. A whole new world of possibilities in front of us! Perhaps you are an amateur just getting started with C++, or maybe you already know a few things about this exciting programming language and youd like to reach for the next level. Which one are you? Actually, it doesnt matter! This course will approach C++ Programming from both starting points! The aim is to achieve all the necessary skills to learn how to program C++ in under 12 hours. Yes, I said it! 12 hours. In less than half a day you will incorporate the ABCS of C++, and from there youll develop the advanced techniques you need to create your own projects. Want to hear the best part? This is not a mere theoretical book. Not at all. In here, youll find tons of useful exercises and tasks that will take your C++ skills (and overall, your whole programming skills) to a whole new level. Youll experience in first person how simple and entertaining C++ can be! This book will assist you not only to develop and improve your skills, but most importantly, it will help you unlock

the joy learning a new programming language can unexpectedly bring. You can be sure of that! The idea were proposing is quite simple. You will learn C++ from zero to hero, in less than half a day. We will go from the root to the top of this ground-breaking programming language, and from there well build the solid foundations you are looking for. And at the end you will find a special bonus! Sounds good? So lets go for it! Here Is A Preview Of What Youll Learn Inside... Welcome To Your New Programming LanguageHistory of C++What is C++?ISetting Environment for C++C++ Language StructureClasses in C++C# VariablesC++ OperatorsUser InputStrings in C++Boolean LogicLoops and ArraysC++ MethodsInheritance and PolymorphismAbstract Classes in C++DebuggingEnumsGeneric TypesException and File HandlingExample ProgramsBonus AlgorithmsMuch, much more! The contents of this book are easily worth over \$9.99, but for a limited time you can download C++ Programming Crash Course, The Ultimate Beginners Course to Learning C++ Programming in Under 12 hours for a special discounted price of only \$3.99 Buy Your Copy Right Now!
