

## Pisces Horoscope 2015 (Volume 12)

You have a very courageous attitude this year: you are open to the possibilities of your life and you are also more open emotionally to others and this will enable you to embrace new experiences and new people getting right to the heart of any matter very quickly. The choices will seem limitless although procrastination can be an issue as with this wide open vista ahead of you, it may not be easy to choose a way forward. Placing pressure on yourself is not the answer, you should allow your instincts to guide you and you should go with the flow of your heart, allowing destiny to make order of the chaos. In fact chaos per se should not concern you as there is more design in what seems to you to be confusion than you realize and things are falling into place quite mystically.

Following the success of best-seller HOROSCOPE 2014: Astrology and Numerology Horoscopes, Lazuli will be releasing 12 books: one for each star signs horoscope for 2015. Are you looking in the mirror wondering what 2015 will hold? Do you feel at an important crossroads? Do you need direction or a kick start? Are you wondering what now in terms of love and relationships? How are the Stars lining up for you in 2015? What opportunities can they supply the energy for? Popular resident astrologer of BBC WM Lisa Lazuli takes her straightening, down to earth approach to astrology from the air waves to the bookshelf with this insightful and motivational book. Includes a detailed yearly overview for Pisces, followed by monthly forecasts broken into love, life and career.
