

Captivated, A Talented Novella (Talented Saga #3.5)

Cant get enough of Talia and Erik? Want to know about their first meeting? Interested in what happens between the books? Dying for a peek at whats coming in Created? Captivated is a Talented Novella that includes four short stories, two from Talias point of view, and two from Eriks point of view. The first is a detailed account of what happened the first time Talia and Erik met. The second is all about Eriks trip to visit Talia after she was injured in Talented. The third takes place between Caged & Hunted, and gives you a glimpse at Eriks romantic side. And last, but certainly not least, the fourth story starts off right where Hunted ends. Not recommended for anyone who has not read the first three books, unless you dont mind a lot of spoilers!
