

## Rhymes with Witches

Now available in paperback, a dark look at popularity by a New York Times best-selling author. From the author of *t!t!t!*, comes this smart, savage story of a high school where popularity can be stolen. Jane dreams of being chosen as the freshman member a dominant school clique made up of one girl from each class. When her wish is granted, and she is offered a place in their group, Jane discovers the terrible price of their particular kind of popularity. There is a sinister secret to their power, one that will change Jane forever. Darkly humorous and dead on, this book will leave readers shivering in recognition. Praise for *Rhymes with Witches*: Spins the Mean Girls theme...the dark humor, wry wit, and timely subject will catapult it to cult status... - *The Bulletin of the Center for Children's Books*...teens will gobble the story up. - *School Library Journal* Darkly comic, well realized. - *Kirkus Reviews*
