

The Heliand Train

Thirteen-year-old Jacklen Endervaar is a paper boy on the legendary trains of the Innanan Empire and aspires to one day be a train engineer. Jacklens world is literally turned on its head when in an accident he falls under the wheels of a train. He survives the accident but finds something quite unexpected that jars him from his comfortable dreams and sets him on a path quite different from the one he planned on which he must decide whom to trust before its too late.
