

Exercise and Sport for the Curious: Why Study Exercise and Sports? (A Decision-making Guide to College Majors, Research & Scholarships, and Career Counseling for Students, Educators, and Parents)

Imagine being able to prepare yourself for a successful career in Exercise & Sport with 100% confidence! Imagine being able to save your parents hard earned money without added semesters and tuition! Who Wrote this Book? This book is packed with practical and accessible advice from over 25 expert professors in Exercise & Sport from the universities including from the USA, UK, Canada, and Australia.. They have formed the strong alliance to help you. You need help to make an important decision about your major/career which will impact the rest of your life. Why not let the experts help? Even if you have already decided on your college major/career, the powerful fresh ideas from the top minds of the world will empower you to trust yourself. Who is this Book for? A senior High School student (transitioning to a college/university) who is uncertain about his/her college major An undergraduate college/university student who feels underprepared to declare a major or minor A Masters/PhD student who wants to know about research issues/trends and scholarship opportunities and take his/her studies to the next level A career advisor/counselor who wants to help the students make their major/career decisions A graduate/practitioner who wants to know about the career options and best practice tips to take his/her career to the next level An educator/faculty who is in need of a robust resource material in Exercise & Sport for his/her class New Concept in Academic Publishing This book is filled with honest, practical, and down-to-earth advice for tapping into your informed decision making. Although most of the chapters in this book are peer-reviewed, they are presented in a rather fun, non-serious manner. If you are considering Exercise & Sport as your college major or career, please be assured that this is the ONLY book you'll ever need for your career success. Help your Parents Save

Money One of the most important decisions that you will make in college is to select a major. Such decision should not be taken lightly, as it has profound implications for your career and life after college. A wrong choice today will result in added semesters and tuition tomorrow. If you are like most university/college students who are financially supported by their parents, b>Help them save money! Help them maximize the return on your educational investment! Gift this Book to your Loved One How many times have you heard of people talking to themselves, If only I had known this when I was a college student? What if you never had to ask that question to yourself? As a decision-making guide, this book is designed to be a gift. Give it to your loved one to your college son to your college daughter..., to your boyfriend or girlfriend and to your friends or relatives. Your gift will prove to be their life-changing first step in the right direction. Who Else is Curious?
