

Stick Chicks

From the outside, life in Millbrook, a rural suburb of New York City, seems like a calm world of privilege. But, for Jess, a junior at Millbrook Country Day, life is about to get much more exciting. Jess's adventures begin when her Father returns with news of changes that he is making to their family farm and estate. She and her best friend Diane try to navigate the catty social world of Millbrook Country Day while they plot their entry into the high speed world of Professional Polo. Friendships, relationships and lives are fluctuating faster than charging Polo Ponies.
