

## Dark Song

Mark said he heard the dark song when he crept houses. The song the predators heart sings when it hears the heart of the prey. I heard it now. Mark said it had always been in me. Lurking. Waiting for me to hear. Ames is not the person she was a few months ago. Her father lost his job, and her family is crumbling apart. Now, all she has is Marc. Marc, who loves her more than anything. Marc, who owns a gun collection. And hell stop at nothing--even using his guns--to get what he wants. Ames feels her parents have betrayed her with their lies and self-absorption, but is she prepared to make the ultimate betrayal against them? In this controversial novel about a good-girl-gone-wrong, Gail Giles returns to the fast-paced, chilling writing that attracted so many fans to *What Happened to Cass McBride?*.
