

Sports Investing: College Football Betting Systems

This is a follow-up to the popular first book in the series, Sports Investing: Profiting from Point Spreads, which remains a top-selling book in its sports gambling category. This book focuses on specific college football betting systems and strategies. The book remains true to the philosophy of contrarian value in sports investing. In particular, the authors reveal betting systems and parameters that they have used to successfully navigate the college football sports marketplace.
