

Dont Tell Mum I Work on the Rigs...She Thinks Im a Piano Player in a Whorehouse

Great two-fisted writing from the far side of hell. - John Birmingham, bestselling author of He Died with a Felafel in his Hand A unique look at a gritty game. Relentlessly funny and obsessively readable. - Phillip Noyce, director of The Quiet American and Clear and Present Danger Paul Carter has been shot at, hijacked and held hostage. Hes almost died of dysentery in Asia and toothache in Russia, watched a Texan lose his mind in the jungles of Asia, lost a lot of money backing a mouse against a scorpion in a fight to the death, and been served cocktails by an orang-utan on an ocean freighter. And thats just his day job. Taking postings in some of the worlds wildest and most remote regions, not to mention some of the roughest oil rigs on the planet, Paul has worked, gotten into trouble and been given serious talkings to in locations as far-flung as the North Sea, Middle East, Borneo and Tunisia, as exotic as Sumatera, Vietnam and Thailand, and as flat out dangerous as Columbia, Nigeria and Russia, with some of the maddest, baddest and strangest people you could ever hope not to meet. Strap yourself in for an exhilarating, crazed, sometimes terrifying, usually bloody funny ride through one mans adventures in the oil trade. When not getting into trouble on the rigs Paul lives a quiet life in Sydney.
