

Straight and Narrow

This first novel takes you into the life of a 14-year-old boy name Corey, who was raised in a religious home. When his father dies of cancer and his brother is killed on the streets of Fayetteville his morals and his belief in God becomes distorted, and now basketball is his main focus. An invitation to Fayetteville to play basketball by one of Fayettevilles leading gang members turns out to be more than just a game but a life changing experience.
