

## The Sketch Book (Classic Reprint)

The object of this volume is to give characteristic examples of the essays of the Sketch-Book. The Introduction, therefore, deals particularly with the essay as a literary form and with Irving's essays especially. The main facts of Irving's life are so familiar that no attempt has been made to give a complete biographical sketch. It has seemed enough to present the main lines of his career in a more cursory manner. Edward E. Hale, Jr. Union College.
