

GO! with Microsoft Word 2007, Volume 1

The primary goal of the GO! Series, aside from teaching computer applications, is ease of implementation, with an approach that is based on clearly-defined projects for students and a one of a kind supplements package. GO! with Microsoft Word 2007, Volume 1, 1/e includes a CD-ROM. This edition covers the following topics: formatting and organizing text; using graphics and tables; applying special document formats, columns and mail merges; working with templates, styles, and charts; creating form letters and working in groups. Ideal for students and individuals seeking an introduction to Microsoft Word 2007.
