

## Every Other Day

Every other day, Kali D'Angelo is a normal sixteen-year-old girl. She goes to public high school. She argues with her father. She's human. And then every day in between... she's something else entirely. Though she still looks like herself, every twenty-four hours predatory instincts take over and Kali becomes a feared demon-hunter with the undeniable urge to hunt, trap and kill zombies, hellhounds, and other supernatural creatures. Kali has no idea why she is the way she is, but she gives in to instinct anyway. Even though the government considers it environmental terrorism. When Kali notices a mark on the lower back of a popular girl at school, she knows instantly that the girl is marked for death by one of these creatures. Kali has only one day to save her, and unfortunately she'll have to do it as a human. With the help of a few new friends, Kali takes a risk that her human body might not survive... and learns the secrets of her mysterious condition in the process.
