

Samoa, a Hundred Years Ago and Long Before: Together With Notes on the Cults and Customs (Classic Reprint)

NimU mY mrs mPU ymsia and pobU shed twenty-two years ago, I spoke of the introduction of Christianity into Samoa in 1830, and described the nature and results of Missionary work in subsequent years. In the present volume I go back to other ages, and give the result of my archaeological researches for upwards of forty years. We are often told that facts rather than theories are wanted. I have confined myself almost exclusively to facts, and leave it to specialists to tabulate and arrange them on the side of whatever theories they fairly tend to establish. To what extent I have succeeded in aiding the studies of the comparative ethnologist, or in helping towards the solution of problems yet perplexing to the physiologist, historian, and theologian, I leave it with my readers to decide.
