

Future Threat (Future Shock)

Six months ago, tech giant Aether Corporation sent Elena Martinez and a group of skilled teens thirty years into the future on a secret mission. Now the surviving time-travelers—including Elena and her boyfriend, Adam—are trying to get on with their lives back in the present. But Aether Corporation isn't done with Elena or her friends, and they've been drafted into another trip thirty years ahead to find other time-travelers who have gone missing.
