

## Complete Book of Baits, Rigs and Tackle

Vic's Latest Knowledge Will Help You Catchem... This new edition is a major encore for Vic Dunaway, whose byline has been known to anglers all over the country, and in foreign lands as well, for more than 40 years. He has written hundreds of articles for national and regional magazines, and thousands of newspaper columns. He is, of course, a book author and also has appeared on four different television networks, as well as numerous local and syndicated programs. Though skilled in many different angling specialties, and many writing styles, his strongest interest is in the teaching of fishing skills and enjoyment. Perhaps no other fishing writer has his knack for selecting just the right information on a particular angling subject and presenting it in the quickest, clearest manner--without unnecessary frills or padding. Dunaway was founding editor when publisher Karl Wickstrom began Florida Sportsman Magazine more than a quarter of a century ago, and has played a leading role in the publications growth into the largest and most authoritative monthly fishing magazine in the country.
