

How I Spent My Last Night On Earth

Something strange is happening in the parking lot of Time Zone High: The established cliques aren't in their usual gathering places. Instead, everyone has joined in one large, frantically interacting mass. Why? Maybe it's because the world may end tomorrow. Allegra Hanover is Time Zone High's over-achieving valedictorian, so motorcycle-driving surfer bum Andros Bliss seems like the last person she would date. But when an asteroid is rumored to be hurtling toward Earth, the normal high school rules start to fade. Students and teachers are ditching class, and the lines between high school cliques are breaking down. Is the end of the world enough to make Allegra finally go for her secret crush?
