

## Hunted: A Guardian Legacy Book

Bran and Lil may have escaped an attempt to lure Lil to the dark side, and recovered the contracts damned people signed with Bran when he was a soul collector, but someone forgot to tell them that no one switches sides or cancels contracts without consequences. Hunted by an unknown but powerful enemy, Lil, Bran and the Guardians must seek help from unlikely sources to avert total annihilation of the Guardians. When they finally face their enemy, one of them may have to make the ultimate sacrifice. (Ednah Walters)
