

Hes Not What You Think (Love Stories)

Jessica Graham is miserable. She has to spend three precious summer weeks at a boring resort with her father and his nasty new girlfriend. But when she meets a mysterious waiter at the resorts restaurant, things start looking up. Danny Jordan seems like the perfect guy...if only he werent so secretive. He refuses to talk about his family, and often disappears on the weekends--without explanation. Jessica is determined to learn Dannys story. But he seems equally determined to hide the truth. How can she be with someone she cant believe in?
