Funny, Suspenseful & Entertaining! You'll laugh, you'll cry, you'll love the trip! Read about the coming of age adventures and mishaps of the idealistic young narrator and her realistic companion, Richard. The stories take place in the Hollywood area of Southern California and are based on real experiences. These high interest stories will motivate reluctant readers and inspire conversations. Included at the back of the book are higher level discussion questions for readers and book clubs to gain deeper insight and create lively dialogue. Great for teachers, the questions are not only convenient, but also meet the Common Core State Standards for ELA. The standards are identified and listed with each activity. Perfect for a ready made lesson, the stories may be read independently, and are handy for substitute teachers. The author, a baby boomer herself, originally told these stories to her high school students who asked to hear them again and again! She promised to include them in a book someday. This is the book they requested! Welcome to the 1960s! The stories are appropriate for ages 12 - Adult and for grades 7 - 12.
