

Walking in Ireland

Walking has never been a more popular pastime and nowhere is more beautiful for walkers to explore than Ireland. In this beautifully written and superbly researched guide, Christopher Somerville draws on his very popular column for the Irish Independent, to present 50 of the very best walks in Ireland - from the Nephin Beg Mountains in Mayo to Dingle Way in Kerry. Practical instructions for the walks are married with evocative and informative passages on the history, flora and fauna, culture and topography of the land. Whether its exploring the Burren in its floral glory or seeing the Walls of Derry, or even sitting at home in your armchair planning your next walk, this book will prove popular with ramblers, holiday makers and anyone who loves the Irish landscape.
