

# KissnTell

Anais and Vaughn are best friends, misfits, and known throughout their high school as Anus and Vagnicknames coined by the popular Shrew Crew. But after the sixteen-year-olds are the subjects of a humiliating prank involving laxatives, it's the last social crucifixion they can stand. So the girls amp up their plain-Jane looks and hit the L.A. scene with a vengeance. What starts as an innocent first kiss with TV star and mega-hunk Baron Caldwell becomes the start of a hot gossip blog, KissnTell.com. Anais and Vaughn soon secure their place in the limelight. Anais finds a boy she really cares about, and Vaughn finds the popularity she's always wanted. But when the girls are shaken by a devastating situation, they see their friendship fall apart. Can they use KissnTell to their advantage while getting the revenge they deserve? Or will Anais lose Vaughn to the Shrew Crew forever?
