

LABORATORY MANUAL STUDENT EDITION LAB MANUAL 3RD EDITION GRADE 11 2003C

This informative two-part program presents the principles of ecology, followed by a discussion of the relationship between people and the environment. Relevant, balanced coverage reflects diverse perspectives on controversial issues. Topical essays provide students with an understanding of the principles of ecology and the impact of human actions on the environment. A mix of formal and field activities provides extensive opportunities for hands-on learning.
