

# Wilderness Navigation: Finding Your Way Using Map, Compass, Altimeter, & GPS, 2nd Ed. (Mountaineers Outdoor Basics)

\* GPS chapter completely updated to reflect newer models and features of GPS receivers now available\* Expanded to include a section on routefinding on glaciers, along with additional information on changing declination\* Extensive illustrated examples of orientation and wilderness navigation Proceed with confidence when heading off-road or off-trail with the second edition of Wilderness Navigation. Whether you are climbing a glacier, orienteering in the backcountry, or on an easy day hike, Mike and Bob Burns cover all the latest technology and time-tested methods to help you learn to navigate—from how to read a map to compasses and geomagnetism. Bob Burns is a long-time member of The Mountaineers. He has taught classes in the use of map and compass since the late 1970s. Mike Burns is an avid climber. He has instructed climbing and navigation classes, and written articles for Climbing magazine. Part of the The Mountaineers Outdoor Basics series! Created for beginning-to-intermediate enthusiasts, this series includes everything anyone would need to know about staying safe and having fun in the backcountry.
