1st Place Environmental Picture story BOP  
NPPA 1st Place Documentary book, IPA  
(International Photography awards) World  
Understanding award finalist (Pictures of  
the Year International) Moscow Foto  
Awards, HM Picture story Scripps Howard  
Photojournalism Award Finalist  
Astonishingly, one out of every six people  
who share this planet with us live on less  
than a dollar a day. Slightly over one  
billion people on the planet live on a dollar  
a day. While the reasons for their poverty  
may be different across geographic regions  
and political circumstances, the results are  
much the same. Extreme poverty robs  
people of options in life, and the cycle is  
nearly impossible to break without help.  
While the poor often work very hard at  
jobs many of us would not even consider  
doing, not having access to basic health  
care and education keeps them at the  
bottom of the economic ladder, usually for  
generations. Living on a Dollar a Day  
shares the personal stories of some these  
poorest of the poor, honoring their lives,  
their struggles, and encouraging action in  
those who can help. In making this  
beautiful and moving book a team traveled  
to four continents, took thousands of  
photographs, conducted numerous  
interviews, and researched information on  
the agencies around the world that strive to  
help the destitute. The resulting stories and  
photographs offer a heartrending glimpse  
into the everyday realities of individuals  
and families facing extreme poverty.  
Personal profiles give voice to their  
experience, and research about the root  
causes of global poverty is shared along  
with information on how those in more  
fortunate circumstances can get  
involved. Living on a Dollar a Day gives  
the largely invisible poor a face and a  
voice. In a world that grows more and  
more connected and interdependent, the  
issues that affect one person eventually  
affect us all. This important book is a

powerful call to action for anyone who wishes to help alleviate human suffering. Over 200 Color Photographs
