

Living on the River Ganges (Raintree Perspectives: World Cultures)

Each title in this new series from Raintree Perspectives looks at a different culture where the environment has a major impact on the lives of the people that live there. Looking at aspects of life familiar to young readers, such as food, clothing, school, leisure and celebrations, this series provides an insight into life in various environments around the world. Each title is packed with photography to interest the reader and provide starting points for discussion. Features, such as recipes, traditional games and craft activities give readers a taste of other cultures.
