

Love At First Lie

Meet Haley Brown, a kind, hardworking student who spent most of her high school life unnoticed. After blaming herself for the loss of a loved one, she has felt an overwhelming need to remain unnoticed in all aspects of her life. When the two most popular boys at North Kensington High start paying attention to her out of nowhere, Haley is suddenly boosted into popularity status she never even imagined possible for herself. Now she must choose between the cocky but sweet Josh Hamilton and his best friend, the schools resident bad boy, Liam Smith. As Haley enjoys the perks of finally being noticed, she must also adapt to the new popularity, which is unfortunately accompanied by her unshakable guilt. As her relationship with Josh grows stronger, Haley feels the need to change herself to remain relevant in his eyes. Unfortunately, the more time she spends with Josh, the more complicated her relationship with Liam becomes. Enter Jenna, Joshs spiteful ex, who wants nothing more than to see Haley crash and burn. She'll do whatever it takes to speed up the process. As it becomes more and more evident that the three most prominent figures in Haleys life, Josh, Liam, and Jenna, share a huge secret, Haley must decide if losing herself was worth being with Josh.
