

## Lullaby and Goodnight

Hush Little Baby, Dont You Cry. . .At thirty-nine, Peyton Somerset has an enviable life, with a thriving advertising career and a beautiful Manhattan apartment. And now shes going to have the one thing she wants most--a baby. Peytons biological clock went off just as her fiance took off, leaving her at the altar. So Peytons going it alone. Already, shes making plans for the little one inside her. . .buying the layette, daydreaming, and worrying over the littlest things. Thats only natural. All mothers do. But Peyton has reason to worry. In fact, she has every reason to be terrified. . .Mama Wont Be Singing Any Lullabies.As the months pass, Peyton cant help feeling that something is terribly wrong. Shes certain that someone has been in her apartment, that shes being followed, that someone is watching her. Maybe its just hormonal paranoia that makes her distrust everyone around her. Or maybe her maternal instincts are dead on. Maybe theres someone close who doesnt think she should give birth at all. Someone who would do anything to have a baby. Anything. . .If you like Mary Higgins Clark, youll love Wendy Corsi Staub.--Lisa JacksonPraise for the novels of Wendy Corsi StaubKeeps readers in the dark until the final pages. . .offers a challenging puzzle and some eerie chills. --Publishers WeeklyBunker down for a great read!--Lisa Gardner, New York Times bestselling author
