

Messenger of Fear

Michael Grants Messenger of Fear is a haunting narrative that examines the nature of good and evil in every human. Fans of Michelle Hodkins Mara Dyer trilogy and Stephen King will love this satisfyingly twisted series. Mara Todd wakes in a field of dead grass, a heavy mist pressing down on her. She is terrified, afraid that she is dead. She cant remember who she is or anything about her past. Is it because of the boy who appears? He calls himself the Messenger of Fear. If the world does not bring justice to those who do evil, the Messenger will. He offers the wicked a game. If they win, they go free. If they lose, they will live their greatest fear. Either way, their sanity will be challenged. It is a world of fair but harsh justice. Of retribution and redemption. And mystery. Why was Mara chosen to be the Messengers apprentice? What has she done to deserve this terrible fate? She wont find out until three of the wicked receive justice. And when she does, she will be shattered.
