

## Essentials: Microsoft Office 2003 Level 2 (4th Edition) (Essentials Series for Office 2003)

For Microsoft applications courses at the undergraduate, vocational and technical school levels, as well as Continuing Education. Skills-oriented: each lesson is a skill followed by extensive end-of-chapter material. Information is broken down into bite-sized pieces so the student can learn and master the skill. Comprehensive information for students at various levels of experience, hands-on exercises and a flexible binding make this a must-have series for applications essentials. Backed with over 20 years of writing, teaching and professional experience with electronic spreadsheets, the authors have perfected the format and presentation of Microsoft applications material to suit every type of learning style.
