

French Women Dont Get Fat: The Secret of Eating for Pleasure

Stylish, convincing, wise, funny and just in time: the ultimate non-diet book, which could radically change the way you think and live. French women don't get fat, but they do eat bread and pastry, drink wine, and regularly enjoy three-course meals. In her delightful tale, Mireille Guiliano unlocks the simple secrets of this French paradox: how to enjoy food and stay slim and healthy. Hers is a charming, sensible, and powerfully life-affirming view of health and eating for our times. As a typically slender French girl, Mireille (Meer-ray) went to America as an exchange student and came back fat. That shock sent her into an adolescent tailspin, until her kindly family physician, Dr. Miracle, came to the rescue. Reintroducing her to classic principles of French gastronomy plus time-honored secrets of the local women, he helped her restore her shape and gave her a whole new understanding of food, drink, and life. The key? Not guilt or deprivation but learning to get the most from the things you most enjoy. Following her own version of this traditional wisdom, she has ever since relished a life of indulgence without bulge, satisfying yen without yo-yo on three meals a day. Now in simple but potent strategies and dozens of recipes you'd swear were fattening, Mireille reveals the ingredients for a lifetime of weight control from the emergency weekend remedy of Magical Leek Soup to everyday tricks like fooling yourself into contentment and painless new physical exertions to save you from the StairMaster. Emphasizing the virtues of freshness, variety, balance, and always pleasure, Mireille shows how virtually anyone can learn to eat, drink, and move like a French woman. A natural raconteur, Mireille illustrates her philosophy through the experiences that have shaped her life: a six-year-old's first taste of Champagne, treks in search of tiny blueberries (called

myrtilles) in the woods near her grandmothers house, a near-spiritual rendezvous with oysters at a seaside restaurant in Brittany, to name but a few. She also shows us other women discovering the wonders of French in action, drawing examples from dozens of friends and associates she has advised over the years to eat and drink smarter and more joyfully. Here are a cultures most cherished and time-honored secrets recast for the twenty-first century. For anyone who has slipped out of her zone, missed the flight to South Beach, or accidentally let a carb pass her lips, here is a buoyant, positive way to stay trim. A life of wine, bread even chocolate without girth or guilt? Pourquoi pas?
