

Through My Eyes Book One: Jake

Freshman year is about to begin and Molly Parker couldn't be more unprepared. Still recuperating from her father's recent split, Molly entertains a fragile relationship with her mother while simultaneously attempting to define herself. Molly has only her best friends, Rae and Margret, guy-crazy teenagers who mean well, and the hard-boiled restaurant owner Cindy to confide in until she accidentally meets Jake. But as far as strangers go, Jake and Molly are the strangest. Together they unearth one secret that will change their lives forever.
