

Moon Child/By Blood Boxed Set

This boxed set includes the companion novels, Moon Child and By Blood. Moon Child Tracy E. Banghart has written a beautiful first-love story that also deals with trust, friendship and sorrow. The neat combination of romance and mystery makes this book interesting for both young adult and adult readers. 5 stars, Portland Book Review Diana Calvert is so over high school. Who cares if Olivia hates her? And David needs to forget about his crush on her STAT. Even Emmas crazy fashion choices cant keep Diana entertained. All she can hope for is a dance scholarship to a college far away from too-small, too-boring, too-nothing-ever-happens New Freedom, PA. Then Diana meets Nicholas Woodhaven. Hes pale, angry...yet weirdly charming. The more time they spend together, the more she wonders who - or what - he really is. Because he isnt anything like the other guys she knows. Not with the whole only-going-out-at-night thing. And living with his creepy aunt. And not going to school. Just when Diana thinks shes got Nicholas all figured out, people in her small, nothing-ever-happens town start dying. She has to wonder - can she trust him? And even more alarming - could she be next? By Blood BY BLOOD is an intriguing, emotionally-rich and exhilarating story full of complex characters and poignant emotional struggles as seen through the eyes of a frank, self-aware seventeen-year-old. - 5 stars, IndieReader For 17-year-old Emma Wong, spending a summer in England should be a dream come true. Gorgeous scenery? Check. Lots of hot guys with accents? Yes, please. Throw in an estranged mom, annoying new stepdad, and drooling baby half-brother, and its a disaster even her favorite cherry red leather jacket cant fix. Even worse, theres (hot) live-in research assistant Josh to contend with. The only thing more embarrassing than drunk-kissing him hours after they

meet? Knowing hell be witness to her familys dysfunction all. summer. long. But when Emma meets a mysterious girl who happens to be a Druid, her vacation suddenly promises to be far more intriguing than she anticipated. Powerful rituals, new friends, an intoxicating sense of freedom...and Simon, the sexy foreign stranger she was hoping for. Its all a perfect distraction from dirty diapers and awkward family dinners. Trouble is, intriguing doesnt often mean simple. And Emma is about to discover just how not simple her life really is. By Blood is a novel about the ways that blood can bind us to others - or tear us apart.
