

Neptunes Tears (Timedance)

London, 2218 A.D. Seventeen-year-old Zee is an intern empath. Shes focused on her job, poised for a great career?until one day an attractive patient undoes her hard-earned calm. As an empath, she cannot afford such distractions, but neither can she stay away from David, even when she discovers hes one of a mysterious alien race. As London comes under attack by anarchist bombings, and as Zee struggles to get a handle on her unusually strong psychic abilities, David starts pulling away. Although Zees sure hes attracted to her, David has secrets he cannot share. But its too late for Zee. In Neptunes Tears by Susan Waggoner, shes losing her heart to the gray-eyed alien boy, and shes determined to follow him?no matter how far it may take her.
