

Noir (The Illumination Paradox Book 2)

Losing him would make her overcast world one shade darker. Navigating her way through nightmarish lands devoid of sunlight, Eyelet Elsworth races to free her beloved Urlick Babbit, the first person to understand and accept her differences and all. Framed for murder and sentenced to execution, Urlick is running out of time. And the Commonwealths tyrannical new ruler, Penelope Rapture, is strangely eager to speed up the clock. Aided by a band of unusual yet loyal associates, Eyelet stumbles upon a startling rumor. And as she unravels a secret that could challenge Penelopes claim to the throne, Penelope vows to divert Eyelets journey straight to a dark and deadly end. Garlicks *Illumination Paradox* series, familiar friends struggle against new and old enemies, shocking secrets come to light, and the truth that could save this captivating steampunk world is revealed if it doesnt destroy everything first.
