

My Side (Orca Soundings)

When quiet, shy Addie is lured into the woods, she is convinced she is going to die. She quickly finds out that there are worse things than terrorthings like betrayal at the hands of her best friend and public humiliation in front of the entire school. Neely, Addies ex-best friend, is tired of the same old life and the same old friends. She is ready to take some chances to re-invent herself. Is she also ready to win new friends at the expense of old ones? There are two sides to every story, and its impossible to know the truth until youve heard them both. But sometimes you dont ever learn the other side of the story. What drives these two friends apart? Who is right and who is wrong? Youll only know if you read both sides.
