

Sarafina and the Pirates Journey

Deep in the Caribbean, at sea on board a merchant ship, Sarafina is forced to cook for a crew of miscreants. As she strives to uncover the secret behind an ancient spyglass, cutthroats attack the ship. Sarafina is kidnapped and made part of the crew. During the voyage, she hears tales of the ghostly legend of Stowaway Jaye, rumored to be aboard. Will Sarafina solve the mystery of the spyglass, or will she be discovered and hanged for crimes of piracy?
